MEMORANDUM FOR: THE DIRECTOR

Acting General Counsel believes that certain statutes relating to our responsibility for reporting crimes or alleged crimes of employees to Justice may be in conflict with the Director's statutory responsibility to protect intelligence sources.

He also points out that we do not presently have adequate regulations requiring that information regarding crimes or possible crimes must be reported to one central place for concerted action.

MEMORANDUM FOR:

He recommends that further negotiations be conducted with the Department of Justice to clarify their responsibility and ours in this regard and that proper internal procedures be established by regulation.

Suggest your approval of these recommendations.
